retail needs**

SHARP

INTRODUCING YOUR SMART NEW BUSINESS PARTNER

Perfect for small general merchandise, convenience, grocery and speciality stores, Sharp's ER-A410 electronic cash register dramatically improves your business.

As you would expect from Sharp, this machine not only looks the business, but does the business too.

Easy to use and understand, the ER-A410 speeds up sales and reduces customer waiting time.

Crucial information at the touch of a button helps you plan and run your operation more effectively and profitably.

Security-coded to ensure you control access to reports, the ER-A410 is much more than a mere cash register. In fact, you could call it the ideal business partner.

Top features

On-line Capability via RS-232 Interface

Two RS-232 interface ports allow the terminal to be connected to a PC so sales data can be downloaded and uploaded for efficient management control.

Display

A two-line 16 character alpha numeric operator display lets operators clearly see entries while a pop-up display enables customers to see the cost of the transaction as it occurs.

Plus

- 20 departments standard, 99 maximum
- 500 PLU's standard, 1800 maximum
- Mix & match
- PBLU 1000 maximum
- Cashiers 20 maximum
- Clerks 20 maximum
- Amount mark down 1 standard, 4 maximum
- %age mark down 1 standard, 4 maximum

Quick & Quiet Thermal Printing

An advanced thermal printing system prints sales items, cashier's name, and store messages in silence on 44.5mm wide paper at approximately 13.3 lines per second. Graphic logos - downloaded from a PC and used as a sales message up to six lines long - can be printed on receipts.

Employee Control

A 'Time-in and Time-out' function enables you to monitor staff punctuality.

- After transaction receipt
- Validation by slip printer
- Training mode
- Extensive reporting list, including
 - ◆ Group total
 - ◆ PLU by associated department
 - ◆ PLU by stock
 - ◆ All cashier
 - ◆ Individual cashier
 - ◆ Hourly sales
 - ◆ Balance
